DETAILED ACTION

Status of Claims

1. In the Amendment dated 06/01/2006, Claims 2-4, 17-19 and 23-24 have been cancelled and no claims have been added; therefore, Claims 1, 5-16, 20-22 and 25-27 remain pending.

Allowable Subject Matter

2. Claims 1, 5-16, 20-22 and 25-27 are allowed.

3. The following is an examiner's statement of reasons for allowance: Claims 1, 5-7 and 13-16 have been found to be novel and inventive because prior art fails to show a remora shaped housing for coupling to a underwater object with a transmitter, energy storage device and a generator. Claims 8, 10-12, 20-22 and 25-27 have been found to be novel and inventive because, as the Applicant noted in Remarks dated 06/01/2006, prior art fails to show reversibly coupling a housing to a underwater object wherein energy is generated when a posterior portion of the housing is moved independently from an anterior portion of the housing as it is moving through water.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
